## Supplementary Financial Aid Questions

Please return this form by January 13<sup>th</sup>, 2012, even if none of the questions apply to your circumstances

If the Parents Financial Statement has not asked all the questions that address your particular financial situation, please attach a supplemental letter to this page.

Is there financial support for the student/family from sources other than the parent(s) and/or guardian(s)? This support can be for tuition, rent, out of school lessons, or other bills. Please be specific about amounts of such support.

Have you applied for and/or received financial aid for children at other tuition charging schools? Please specify the name(s) of the school(s) and the amount(s) received.

Financial aid awards may be based on the expectation that all parents are working to meet family expenses including tuition. If not all parents are working in your child(ren)'s family feel free to make any comments here that you feel would be important for us to have.

For parents who are separated or divorced, please describe the legal responsibility for the child(ren)'s expenses assigned to all parents. Please remember for divorced families both parents must fill out a PFS and fill out a separate EBI Financial Aid Application.
